Further received the comments from Transport Department dated 30 August 2019, we would like to apply for two months deferment of the consideration date by your Board because we require additional time to prepare some supplementary information to address the comments. The following documents will be included in the next Further Information submission:

1. Response-to-Comment Table
2. Revised drawings showing the proposed vehicular access to the application site
3. Revised Ground Master Layout Plan & Ground Floor Level Plan

We would appreciate your understanding for the postponement that is important for our further process of the captioned application. Should you have any queries, please contact our Ms. Minnie Wong or the undersigned at 2797 2728. Thank you for your kind attention.

Yours faithfully,
For and on behalf of
