

**Relevant extracts of the Town Planning Board Guidelines No. 34C for
“Renewal of Planning Approval and Extension of Time for Compliance with Planning
Conditions for Temporary Use or Development”
(TPB PG-No. 34C)**

1. The criteria for assessing applications for renewal of planning approval include:
 - (a) whether there has been any material change in planning circumstance since the previous temporary approval was granted (such as a change in the planning policy/land-use zoning for the area) or a change in the land uses of the surrounding areas;
 - (b) whether there are any adverse planning implications arising from the renewal of the planning approval (such as pre-emption of planned permanent development);
 - (c) whether the planning conditions under previous approval have been complied with to the satisfaction of relevant Government departments within the specified time limits;
 - (d) whether the approval period sought is reasonable; and
 - (e) any other relevant considerations.

2. Under normal circumstances, the approval period for renewal should not be longer than the original validity period of the temporary approval. In general, the Board is unlikely to grant an approval period exceeding three years unless there are strong justifications and the period is allowed for under the relevant statutory plans. Depending on the circumstances of each case, the Board could determine the appropriate approval period, which may be shorter than the time under request.

Advisory Clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (b) to note the comments of the District Lands Officer/Yuen Long, Lands Department that the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. Lot No. 1544 in D.D. 119 is covered by Short Term Waivers (STWs) No. 4203 and 4562 to permit structures erected thereon for the purposes of 'Temporary Open Storage of Construction Machinery and Materials, Recycling Materials and Used Electrical Appliances with Ancillary Workshop Activities' and 'Temporary Open Storage and Storage of Used Private Vehicles' respectively. Lot No. 1545 in D.D. 119 is covered by STW No. 4563 to permit structures erected thereon for the purposes of 'Temporary Open Storage and Storage of Used Private Vehicles'. The STW holder(s) will need to apply to her office for modification of the STW conditions where appropriate. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by her department acting in the capacity as landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of rent or fee, as may be imposed by her department;
- (c) to note the comments of the Commissioner for Transport that the land status of the road/path/track leading to the Site from Kung Um Road shall be checked with the lands authority. Sufficient space should be provided within the Site for manoeuvring of vehicles. No parking of vehicles on public road are allowed;
- (d) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to the nearby public roads/drains. For UBW erected on leased land, enforcement action may be taken by BD to effect their removal in accordance with BD's enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings and land filling) are to be carried out on the Site, prior approval and consent of BD should be

obtained, otherwise they are UBW. An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively.
