16	A/YL-KTN/588	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	16.3.2018 [revoked on 16.9.2018]	(1), (2), (4), (5), (6), (10), (14), (15), (16), (17)
17	A/YL-KTN/590	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	16.3.2018 [revoked on 16.9.2018]	(1), (2), (4), (5), (6), (10), (14), (15), (16), (17)
18	A/YL-KTN/605	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	15.6.2018	(1), (2), (4), (5), (6), (10), (14), (15), (16)
19	A/YL-KTN/616	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	17.8.2018	(1), (4), (5), (6), (10), (14), (15), (16)
20	A/YL-KTN/617	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	17.8.2018	(1), (2), (4), (5), (6), (10), (14), (15), (16)
21	A/YL-KTN/623	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	21.9.2018	(1), (2), (4), (5), (6), (10), (14), (15), (16)
22	A/YL-KTN/638	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	1.2.2019	(2), (4), (5), (6), (8), (10), (14), (15), (16)
23	A/YL-KTN/639	Renewal of Planning Approval for Temporary "Animal Boarding Establishment with Ancillary Facilities" for a Period of 3 Years	1.2.2019	(2), (4), (5), (6), (8), (10), (14), (15), (16)
24	A/YL-KTN/642	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	22.2.2019	(2), (4), (5), (6), (10), (14), (15), (16)
25	A/YL-KTN/645	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	12.4.2019 [revoked on 12.10.2019]	(2), (4), (5), (6), (10), (12), (14), (15), (16)
26	A/YL-KTN/651	Proposed Temporary Animal Boarding Establishment for a Period of 5 Years	17.5.2019	(2), (4), (5), (6), (10), (14), (15), (16)
27	A/YL-KTN/652	Renewal of Planning Approval for Temporary Animal Boarding Establishment (Cattery) for a Period of 3 Years	17.5.2019	(2), (4), (5), (7), (8), (10), (14), (15), (16), (18)
28	A/YL-KTN/659	Proposed Temporary Animal Boarding Establishment for a Period of 3 Years	16.8.2019	(2), (4), (5), (6), (7), (10), (14), (15), (16)
29	A/YL-KTN/669	Proposed Temporary Animal Boarding Establishment (Cattery) for a Period of 3 Years	2.8.2019	(2), (4), (5), (6), (7), (10), (14), (15), (16)

Approval Conditions

- (1) Submission / implementation of landscaping / tree preservation proposals / replacement of tree planting
- (2) Submission / implementation / maintenance of drainage proposal / facilities / submission of drainage record
- (3) Provision of a 9-litre water type /3 kg dry powder fire extinguisher

- (4) Revocation of planning approval for non-compliance with conditions by a specified date or during the planning approval period
- (5) Reinstatement of the application site upon expiry of planning permission
- (6) Submission / implementation of water supply for fire fighting and / or fire service installations proposal / provision of fire service installations and / or Emergency Vehicular Access
- (7) Maintenance of existing drainage facilities
- (8) Maintenance of existing landscape planting / trees
- (9) Submission / implementation of appropriate mitigation measures in order not to cause any disturbance / contamination to the fish ponds nearby
- (10) Restriction on operation time
- (11) No activity that would generate dog barking noise shall be carried out in the outdoor area of the Site
- (12) The boundary fencing of the Site shall be provided / maintained at all times
- (13) No reversing of vehicles into or out of the Site is allowed at all times
- (14) No queuing back of vehicles to public road from the Site is allowed at any time / no vehicle is allowed to queue back to or reverse onto / from public road
- (15) No public announcement system and whistle blowing at all times / no public announcement system, whistle blowing, portable loud speaker, or any form of audio amplification system on the site at any time
- (16) All the dogs / animals shall be kept inside the enclosed structures at all time or at specific time
- (17) No vehicle exceeding 5.5 tonnes, including container tractors / trailers, as defined in the Road Traffic Ordinance are allowed to be parked / stored on or enter / exit the site
- (18) Maintenance of existing fire services installations and equipment implemented on the site

Rejected Application

	<u>Application No.</u>	<u>Proposed Uses</u>	<u>Date of Consideration (RNTPC/TPB)</u>	<u>Main Reason(s) for Rejection</u>
1	A/YL-KTN/156	Proposed Small Scale Dog Kennel for a Period of 3 Years	8.11.2002	(1), (2)

Rejection Reasons

- (1) The proposed development was not in line with the planning intention of the "Agriculture" zone and no strong justification in the submission for a departure from such planning intention, even on a temporary basis.
- (2) No information in the submission to demonstrate that the proposed development would not cause adverse environmental health and drainage impacts on the surrounding areas.

Advisory clauses

- (a) resolve any land issues relating to the development with the concerned land owner(s) of the Site;
- (b) the permission is given to the development / use under application. It does not condone any other development / use which are not covered by the application;
- (c) note DLO/YL, LandsD's comments that the Site comprises an Old Schedule Agricultural Lot held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. The Site is accessible from Kong Tai Road via Government Land (GL) and private land. His office provides no maintenance work for the GL involved and does not guarantee any right-of-way over the GL to the Site. The Site falls within Shek Kong Airfield Height Restriction Area (SKAHRA). The height of the proposed structure shall not exceed the relevant airfield height limit within SKAHRA. The lot owner(s) will need to apply to his office to permit the structures to be erected or regularize any irregularities on site, if any. Besides, given the proposed use is temporary in nature, only application for regularization or erection of temporary structure(s) will be considered. No construction of New Territories Exempted Building(s) will be considered or allowed. Applications for any of the above will be considered by LandsD acting in the capacity as landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application(s) is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by the LandsD;
- (d) note C for T's comments that the Site is connected to the public road network via a section of a local access road which is not managed by Transport Department. The land status of the local access road should be checked with the LandsD. Moreover, the management and maintenance responsibilities of the local access road should be clarified with the relevant lands and maintenance authorities accordingly;
- (e) note HyD's comments that HyD is not / shall not be responsible for the maintenance of any access connecting the Site and Kam Tin Bypass (except part of the Site near Kam Tai Road). Adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads or exclusive road drains;
- (f) note DEP's comments that the applicant is advised to follow the relevant mitigation measures and requirements in the latest "Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites". Moreover, effluent discharges from the proposed use are subject to control under the Water Pollution Control Ordinance (WPCO) and a discharge licence under the WPCO should be obtained before a new discharge is commenced. If septic tank and soakaway system will be used, its design and construction should follow the requirements of the Environmental Protection Department (EPD)'s Practice Note for Professional Persons (ProPECC PN) 5/93 "Drainage Plans subject to Comment by the EPD";

- (g) note DAFC's comments that under the Public Health (Animals) (Boarding Establishment) Regulations, Cap. 139I, any person who provides food and accommodation for animals in return for a fee paid by the owner must apply for a Boarding Establishment Licence from his department. The applicant should be reminded that the establishment and ancillary facilities which is licensed under the Cap. 139I Public Health (Animals) (Boarding Establishment) Regulations must always fulfil the criteria listed in the Regulations, and Cap. 169 Prevention of Cruelty to Animals Ordinance shall be observed at all times;
- (h) note CE/MN, DSD's comments on the submitted drainage proposal that the invert levels of the proposed catchpits should be shown on the drainage plan for his consideration. It is proposed for the drainage to collect runoff from area outside the Site at northern part and it is noted that the external catchment area is comparable to that of the Site. Hence, please justify with calculation that the proposed 375mm u-channel has sufficient capacity to accommodate the runoff from both the Site and external area. Consideration should be given to provide grating for the surface channels. The details of connection for stormwater drainage should be provided for comments, and in case that it is a local village drain, DO(YL) of HAD should be consulted. Cross sections showing the existing and proposed ground levels of the Site with respect to the adjacent areas should be given. Standard details should be provided to indicate the sectional details of the proposed u-channel and the catchpit. Sand trap or provision alike should be provided before the collected runoff is discharged to the public drainage facilities. Where walls or hoarding are erected are laid along the Site boundary, adequate opening should be provided to intercept the existing overland flow passing through the Site. The development should neither obstruct overland flow nor adversely affect existing natural streams, village drains, ditches and the adjacent areas etc. The applicant should consult DLO/YL of LandsD and seek consent from the relevant owners for any drainage works to be carried outside his lot boundary before commencement of the drainage works;
- (i) note D of FS' comments that in consideration of the design/nature of the proposal, fire service installations (FSIs) are anticipated to be required. Therefore, the applicant is advised to submit relevant layout plans incorporated with the proposed FSIs to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy. The location of where the proposed FSI to be installed should be clearly marked on the layout plans. If the proposed structure(s) is required to comply with the Buildings Ordinance (BO) (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans;
- (j) note CBS/NTW, BD's comments that if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the BD, they are Unauthorized Building Works (UBW) under the Buildings Ordinance (BO) and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with BD's enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as

an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling) are to be carried out on the Site, prior approval and consent of the BD should be obtained, otherwise they are UBW. An Authorized Person (AP) should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. If the Site does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage. If the proposed development is subject to issue of a license, the applicant should be reminded that any existing structures on the Site intended to be used for such purposes are required to comply with the building safety and other relevant requirements as may be imposed by the licensing authority; and

- (k) note DFEH's comments that any animal carcass / parts shall be properly wrapped or bagged before disposal. If the proposal involves any commercial / trading activities, there should be no encroachment on the public place and no environmental nuisance should be generated to the surroundings. Its state should not be a nuisance or injurious or dangerous to health and surrounding environment. Also, for any waste generated from the commercial / trading activities, the applicant should handle on their own / at their expenses.
