1	A/I-TCV/1	Temporary Warehouse for Storage of Construction Materials for a Period of 5 Years	22.12.2017	(1), (8), (12)
2	A/I-TCV/2	Proposed Temporary Warehouse for Storage of Construction Materials for a Period of 3 Years	26.1.2018	(2), (9), (12)
3	A/I-TCV/3	Proposed Temporary Warehouse for Storage of Construction Materials for a Period of 3 Years	26.1.2018	(3), (9), (12)
4	A/I-TCV/4	Proposed Temporary Warehouse for Storage of Construction Materials for a Period of 3 Years	26.1.2018	(2), (9), (12)
5	A/I-TCV/5	Proposed Temporary Warehouse for Storage of Construction Materials for a Period of 3 Years	26.1.2018	(4), (8), (12)
6	A/I-TCV/6	Temporary Open Storage of Construction Materials for a Period of 3 Years	9.2.2018	(5), (8), (12)
7	A/I-TCV/7	Temporary Open Storage of Construction Materials for a Period of 3 Years	9.2.2018	(6), (8), (12)
8	A/I-TCV/9	Temporary Warehouse (Storage of Daily Necessities), Shop and Services (Retail Shop) with Ancillary Office for a Period of 3 Years	21.6.2019	(5), (10), (12)
9	A/I-TCV/10	Temporary Warehouse and Open Storage of	21.6.2019	(5), (11), (12)

		Construction Tools, Construction Machinery and Materials for a Period of 3 Years		
10	A/I-TCV/11	Temporary Warehouse and Open Storage of Construction Tools, Construction Machinery and Materials for a Period of 3 Years	21.6.2019	(7), (11), (12)

Rejection Reasons

- (1) The proposed development will frustrate the planning intention of the site for road use. There is no strong planning justification in the submission to support a departure from the planning intention, even on a temporary basis.
- (2) The proposed development will frustrate the planning intention of “Other Specified Uses” annotated “River Park” (“OU(River Park)”) zone. There is no strong planning justification in the submission to support the departure from the planning intention, even on a temporary basis.
- (3) The proposed development will frustrate the planning intentions of the site for road use and “OU(River Park)” zone. There is no strong planning justification in the submission to support the departure from the planning intentions, even on a temporary basis.
- (4) The proposed development is not in line with the planning intention of “Residential (Group C)2” (“R(C)2”) zone and will frustrate the planning intention of the area for road use. There is no strong planning justification in the submission to support the departure from the planning intentions, even on a temporary basis.
- (5) The proposed development is not in line with the planning intention of “Village Type Development” (“V”) zone. There is no strong planning justification in the submission to support a departure from the planning intention, even on a temporary basis.
- (6) The proposed development is not in line with the planning intention of “R(C)2” zone. There is no strong planning justification in the submission to support a departure from the planning intention, even on a temporary basis.
- (7) The proposed development is not in line with the planning intention of “V” zone and will frustrate the planning intention of the “Other Specified Uses” annotated “Stormwater Attenuation and Treatment Ponds” zone. There is no strong planning justification in the submission to support the departure from the planning intentions, even on a temporary basis.

- (8) The applicant fails to demonstrate that the proposed development will not have adverse landscape and visual impacts on the surrounding areas.
- (9) The applicant fails to demonstrate that the proposed development will not have adverse ecological, landscape and visual impacts on the surrounding areas.
- (10) The applicant fails to demonstrate that the proposed development will not have adverse environmental impact on the surrounding areas.
- (11) The applicant fails to demonstrate that the proposed development will not have adverse environmental and landscape impacts on the surrounding areas.
- (12) Approval of the application, even on a temporary basis, would set an undesirable precedent and encourage other applications for similar developments in the surrounding areas. The cumulative effect of approving such applications would result in a general degradation of the rural environment and landscape character of the area.

Advisory Clauses

- (a) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (b) prior planning permission should have been obtained before commencing the applied use at the Site;
- (c) the permission is given to the use(s) and development under application. It does not condone any other use(s) and development which currently exist on the Site but not covered by the application. The applicant shall be requested to take immediate action to discontinue such use(s) and development not covered by the permission;
- (d) to note the comments of the District Lands Officer/Islands, Lands Department (LandsD) that the Lots are Old Schedule Agricultural Lots demised under the Block Government Lease. No structure shall be erected on the Lots without LandsD's prior approval. If the planning application is approved, the owners of the Lots has to submit to LandsD application for Short Term Waiver to cover the structure(s) built/to be built. LandsD would process the application in the capacity of the landlord. There is no guarantee that such application will be approved. If such application is approved, the approval will be subject to such terms and conditions, including payment of fees, as may be imposed by LandsD. If the planning application is not approved and there is/are structure(s) within the Lots without LandsD's prior approval, appropriate lease enforcement action would be taken by his office in accordance with the established practice;
- (e) to note the comments of the Commissioner for Transport that the existing access roads in the vicinity of the Site are not managed by the Transport Department;
- (f) to note the comments of the Director of Environmental Protection that the applicant is advised to implement appropriate environmental measures recommended in the "Code of Practice on Handling Environmental Aspects of Temporary Uses and Open Storage Sites" to minimize environmental nuisances;
- (g) to note the comments of the Chief Town Planner/Urban Design and Landscape, Planning Department that approval of the application does not imply approval of tree works such as felling, transplanting or pruning under lease. The applicant is reminded to approach relevant authority/government department(s) direct to obtain necessary approval on tree works;
- (h) to note the comments of the Director of Agriculture, Fisheries and Conservation that the applicant should ensure that no discharge from the Site is diverted to Tung Chung Stream located to the east and west of the Site;
- (i) to note the comments of the Chief Engineer/Hong Kong & Islands, Drainage Services Department (DSD) that the Site is within an area where neither stormwater nor sewerage connection maintained by DSD is available in the vicinity at present. The

applicant should be advised that adequate drainage works should be provided such that no adverse drainage impact would be induced to the areas in the vicinity and stormwater generated would be prevented from entering rivers/ streams;

- (j) to note the comments of the Chief Building Surveyor/New Territories East 1 and Licensing, Buildings Department (BD) that for any existing structures erected on leased land without approval of the BD (not being a New Territories Exempted House), they are unauthorized under the Buildings Ordinance (BO) and should not be designated for any approved use under the captioned application. Before any new building works (including containers/open sheds as temporary buildings) are to be carried out on the Site, the prior approval and consent of the BD should be obtained, otherwise they are Unauthorized Building Works (UBW). An Authorized Person (AP) should be appointed as the co-ordinator for the proposed building works in accordance with the BO. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with BD's enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. If the proposed use under application is subject to the issue of a licence, please be reminded that any existing structures on the Site intended to be used for such purposes are required to comply with the building safety and other relevant requirements as may be imposed by the licensing authority. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access (EVA) in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)Rs) respectively. As the Site does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage;
- (k) to note the comments of the Director of Fire Services that detailed fire service requirements will be formulated upon receipt of formal general building plan submission. The arrangement of EVA shall comply with Section 6, Part D of the Code of Practice for Fire Safety in Buildings 2011 which is administered by the Buildings Department;
- (l) to note the comments of the Chief Engineer/Construction, Water Supplies Department (WSD) that existing water mains will be affected. A waterworks reserve (WWR) within 1.5m from the centerline of the water mains shall be provided to WSD. No structures shall be built or materials stored within this WWR. Free access shall be made available at all times for staff of the Director of Water Supplies or their contractor to carry out construction, inspection, operation, maintenance and repair works. No trees or shrubs with penetrating roots may be planted within the WWR or in the vicinity of the water main. Government shall not be liable to any damage whatsoever and howsoever caused arising from burst or leakage of the public water mains within and in close vicinity of the Site; and
- (m) to note the comments of the Director of Electrical and Mechanical Services that in the interests of public safety and ensuring the continuity of electricity supply, the parties concerned with planning, designing, organizing and supervising any activity near the underground cable or overhead line under the mentioned application should approach the electricity supplier (i.e. CLP Power) for the requisition of cable plans (and overhead line alignment drawings, where applicable) to find out whether there is any

underground cable and/or overhead line within and/or in the vicinity of the concerned site. They should also be reminded to observe the Electricity Supply Lines (Protection) Regulation and the “Code of Practice on Working near Electricity Supply Lines” established under the Regulation when carrying out works in the vicinity of the electricity supply lines.
