- Application** : Proposed Houses and Minor Relaxation of BH Restriction

1. Background

- 1.1 On 20.4.2020, the applicant sought planning permission for proposed houses and minor relaxation of BH restriction at the application site (**Plan A-1**).
- 1.2 On 12.6.2020, the Rural and New Town Planning Committee (the Committee) of the Town Planning Board (the Board) agreed to defer a decision on the application for 2 months, as requested by the applicant, so as to allow time for the applicant to prepare further information (FI) in response to departmental comments.
- 1.3 After deferral, the applicant submitted FI on 12.8.2020 which includes, amongst others, responses to departmental comments, updated Traffic Impact Assessment, updated Sewerage and Drainage Impact Assessment Report, and updated Environmental Assessment Report.

2. **Request for Deferment**

On 18.9.2020, the applicant's representative wrote to the Secretary of the Board and requested the Board to defer making a decision on the application for further two months so as to allow sufficient time for preparation of FI to address the departmental comments (**Appendix I**).

3. **Planning Department's Views**

3.1 The application has been deferred once for two months at the request of the applicant. Since the deferment, the applicant has submitted responses to departmental comments, updated Traffic Impact Assessment, updated Sewerage and Drainage Impact Assessment Report, and updated Environmental Assessment Report. The applicant has indicated that more time is needed for preparation of FI to address the departmental comments.

3.2 The Planning Department has no objection to the request for deferment as the justifications for deferment meet the criteria for deferment as set out in the Town Planning Board Guidelines on Deferment of Decision on Representations, Comments, Further Representations and Applications made under the Town Planning Ordinance (TPB PG-No. 33) in that the applicant needs more time to address the comments from relevant government departments, the deferment period is not indefinite and the deferment would not affect the interests of other relevant parties.

3.3 Should the Committee agree to defer a decision on the application, the application will be submitted to the Committee for consideration within two months upon receipt of FI from the applicant. If the FI submitted by the applicant is not substantial and can be processed within a shorter time, the application could be submitted to an earlier meeting for the Committee's consideration. Since it is the second deferment of the application, the applicant should be advised that the Committee has allowed a total of four months for preparation of submission of FI, and no further deferment would be granted unless under very special circumstances.

4. **Decision Sought**

The Committee is invited to consider whether or not to accede to the applicant's request for deferment. If the request is not acceded to, the application will be submitted to the Committee for consideration at the next meeting.
