[Proposed to be restricted to a maximum gross floor area (GFA) of 32,000m² and maximum building heights (BHs) of 148mPD and 156mPD]

1. Background

On 20.4.2020, the applicants sought planning permission to rezone the application site (the Site) (**Plan Z-1**) from “GB” to “G/IC(7)” on the approved Clear Water Bay Peninsular North (OZP) No. S/SK-CWBN/6 to facilitate the proposed Science, Technology, Engineering, Arts and Mathematics and Innovation Secondary School (the STEAM School) development at the Site. The proposed “G/IC(7)” will be subject to a maximum GFA of 32,000m², maximum BHs of 148mPD for the southern portion and 156mPD for the northern portion and a 3m wide non-building area (NBA) along the southwestern boundary of the Site. The application is scheduled for consideration by the Rural and New Town Planning Committee (the Committee) at this meeting.

2. Request for Deferment

On 15.6.2020, the applicants wrote to the Secretary of the Town Planning Board (the Board) and requested the Board to defer making a decision on the application for two months so as to allow time for preparation of further information (FI) in response to departmental comments (**Appendix I**).

3. Planning Department's Views

3.1 The Planning Department has no objection to the request for deferment as the justifications for deferment meet the criteria for deferment as set out in the Town Planning Board Guidelines on Deferment of Decision on Representations, Comments, Further Representations and Applications made under the Town Planning Ordinance (TPB PG-No. 33) in that the applicants need more time to prepare FI to address the departmental comments, the deferment period is not indefinite and the deferment would not affect the interests of other relevant parties.

3.2 Should the Committee agree to defer making a decision on the application, the application will be submitted to the Committee for consideration within three months upon receipt of FI from the applicants. If the FI submitted by the applicants is not substantial and can be processed within a shorter time, the application could be submitted to an earlier meeting for the Committee's consideration. The applicants should be advised that the Committee has allowed two months for preparation of submission of FI, and no further deferment would be granted unless under very special circumstances.

4. Decision Sought

The Committee is invited to consider whether or not to accede to the applicants' request for deferment. If the request is not acceded to, the application will be submitted to the Committee for consideration at the next meeting.
