

**Relevant Interim Criteria for Consideration of  
Application for NTEH/Small House in New Territories**  
**(promulgated on 7.9.2007)**

- (a) sympathetic consideration may be given if not less than 50% of the proposed NTEH/Small House footprint falls within the village 'environs' ('VE') of a recognized village and there is a general shortage of land in meeting the demand for Small House development in the "Village Type Development" ("V") zone of the village;
- (b) if more than 50% of the proposed NTEH/Small House footprint is located outside the 'VE', favourable consideration could be given if not less than 50% of the proposed NTEH/Small House footprint falls within the "V" zone, provided that there is a general shortage of land in meeting the demand for Small House development in the "V" zone and the other criteria can be satisfied;
- (c) development of NTEH/Small House with more than 50% of the footprint outside both the 'VE' and the "V" zone would normally not be approved unless under very exceptional circumstances (e.g. the application site has a building status under the lease, or approving the application could help achieve certain planning objectives such as phasing out of obnoxious but legal existing uses);
- (d) application for NTEH/Small House with previous planning permission lapsed will be considered on its own merits. In general, proposed development which is not in line with the criteria would normally not be allowed. However, sympathetic consideration may be given if there are specific circumstances to justify the cases, such as the site is an infill site among existing NTEHs/Small Houses, the processing of the Small House grant is already at an advance stage;
- (e) if an application site involves more than one NTEH/Small House, application of the above criteria would be on individual NTEH/Small House basis;
- (f) the proposed development should not frustrate the planning intention of the particular zone in which the application site is located;
- (g) the proposed development should be compatible in terms of land use, scale, design and layout, with the surrounding area/development;
- (h) the proposed development should not encroach onto the planned road network and should not cause adverse traffic, environmental, landscape, drainage, sewerage and geotechnical impacts on the surrounding areas. Any such potential impacts should be mitigated to the satisfaction of relevant Government departments;
- (i) the proposed development, if located within water gathering grounds, should be able to be connected to existing or planned sewerage system in the area except under very special circumstances (e.g. the application site has a building status under the lease or the applicant can demonstrate that the water quality within water gathering grounds will not be affected by the proposed development\*);

- (j) the provision of fire service installations and emergency vehicular access, if required, should be appropriate with the scale of the development and in compliance with relevant standards; and
- (k) all other statutory or non-statutory requirements of relevant Government departments must be met. Depending on the specific land use zoning of the application site, other Town Planning Board guidelines should be observed, as appropriate.

\*i.e. the applicant can demonstrate that effluent discharge from the proposed development will be in compliance with the effluent standards as stipulated in the Water Pollution Control Ordinance Technical Memorandum.

**Previous S.16 Application**

**Approved Application**

<b>Application No.</b>	<b>Proposed Developments</b>	<b>Date of Consideration</b>	<b>Approval Conditions</b>
A/NE-PK/102	Proposed New Territories Exempted House (NTEH) (Small House)	13.1.2017	A1 & A2

**Approval Conditions**

A1 The provision of septic tank

A2 The submission and implementation of drainage proposal

Remarks:

- \*1: Applications No. A/NE-PK/20 and A/NE-PK/26 are at the same location but with slightly different areas.
- \*2: Applications No. A/NE-PK/21 and A/NE-PK/25 are at the same location but with slightly different areas.
- \*3: Applications No. A/NE-PK/30 and A/NE-PK/89 are at the same location
- \*4: Applications No. A/NE-PK/31 and A/NE-PK/90 are at the same location
- \*5: Applications No. A/NE-PK/32 and A/NE-PK/91 are at the same location
- \*6: Applications No. A/NE-PK/33 and A/NE-PK/93 are at the same location
- \*7: Applications No. A/NE-PK/34 and A/NE-PK/92 are at the same location
- \*8: Applications No. A/NE-PK/52 and A/NE-PK/130 are at the same location
- \*9: Applications No. A/NE-PK/56 and A/NE-PK/131 are at the same location
- \*10: Applications No. A/NE-PK/77 and A/NE-PK/132 are at the same location

**Approval Conditions**

- A1 The submission and/ or provision of drainage facilities
- A2 The provision of fire services installations
- A3 The submission and implementation of landscape proposals
- A4 The submission and implementation of drainage proposals
- A5 The provision of fire fighting access, water supplies for fire fighting and fire service installations
- A6 The submission and implementation of proposal for water mains diversion before the commencement of works
- A7 The submission and implementation of tree preservation and landscape proposals
- A8 The provision of septic tank

## **Detailed Comments from Relevant Government Departments**

### **1. Land Administration**

Comments of the District Lands Officer/North, Lands Department (DLO/N, LandsD):

- (a) the Site falls entirely within the 'VE' of Kai Leng;
- (b) the applicant claimed himself as an indigenous villager of Kai Leng, Sheung Shui Heung. His eligibility for Small house concessionary grant has yet to be ascertained;
- (c) the Site is not covered by any Modification of Tenancy/Building Licence;
- (d) the number of outstanding Small House applications and the number of 10-year Small House demand forecast (2018 to 2027) for Kai Leng Village are 74 and 279 respectively. The figure of the 10-year Small House demand forecast was provided by the relevant Indigenous Inhabitant Representative; and
- (e) the Small House application was made to his office on 17.9.2020.

### **2. Traffic**

Comments of the Commissioner for Transport (C for T):

- (a) he has reservation on the application. Such type of development should be confined within the "V" zone as far as possible. Although additional traffic generated by the proposed development is not expected to be significant, such type of development outside the "V" zone, if permitted, will set an undesirable precedent case for similar applications in the future. The resulting cumulative adverse traffic impact could be substantial; and
- (b) notwithstanding the above, the application only involves construction of one Small House. He considers that the application can be tolerated unless it is rejected on other grounds.

### **3. Environment**

Comments of the Director of Environmental Protection (DEP):

- (a) in view of the small scale of the proposed development, the application alone is unlikely to cause major pollution; and
- (b) the septic tank and soakaway system is an acceptable means for collection, treatment and disposal of the sewage provided that its design and construction follow the requirements of the ProPECC PN 5/93 "Drainage Plans subject to Comment by the Environmental Protection Department" and are duly certified by an Authorized Person.

### **4. Landscape**

Comments of the Chief Town Planner/Urban Design and Landscape, Planning Department (CTP/UD&L, PlanD):

- (a) she has no objection to the application from landscape planning point of view;
- (b) the Site is located in an area of rural inland plains landscape character comprises vegetated areas, farmland and village houses. No significant sensitive landscape resource is observed within the Site. Hence, significant adverse impact on existing landscape resources arising from the proposed development is not anticipated;
- (c) the proposed Small House is not incompatible with its surroundings; and
- (d) as there is no major public frontage along the site boundary, should the application be approved by the Board, it is considered not necessary to impose a landscape condition as the effect of additional landscaping on enhancing the quality of public realm is not apparent.

## **5. Drainage**

Comments of the Chief Engineer/Mainland North, Drainage Services Department (CE/MN, DSD):

- (a) he has no in-principle objection to the applications from public drainage viewpoint;
- (b) should the application be approved, a condition should be included to request the applicant to submit and implement a drainage proposal for the Site to ensure that it will not cause adverse drainage impact to the adjacent area; and
- (c) the Site is in an area where no public sewerage connection is available.

## **6. Fire Safety**

Comments of the Director of Fire Services (D of FS):

- (a) he has no in-principle objection to the application; and
- (b) the applicant is reminded to observe the 'New Territories Exempted Houses – A Guide to Fire Safety Requirements' published by LandsD. Detailed fire safety requirements will be formulated upon receipt of formal application referred by LandsD.

## **7. Water Supply**

Comments of the Chief Engineer/Construction, Water Supplies Department (CE/C, WSD):

- (a) he has no objection to the application;
- (b) for the provision of water supply to the development, the applicant may need to extend his/her inside services to the nearest suitable government water mains for connection. The applicant shall resolve any land matter (such as private lots) associated with the provision of water supply and shall be responsible for the construction, operation and maintenance of the inside services within the private lots to WSD's standards;

## **8. Agriculture**

Comments of the Director of Agriculture, Fisheries and Conservation (DAFC):

- (a) he does not support the application from the agriculture point of view; and

- (b) the Site is currently an abandoned land. Agricultural activities in the vicinity are active and agricultural infrastructures such as road access and water source are available. The Site possesses high potential for agricultural rehabilitation.

**9. District Officer's Comments**

Comments of the District Officer (North), Home Affairs Department (DO(N), HAD):

No adverse comment from the locals was received.

**10. Demand and Supply of Small House Sites**

According to DLO/N's records, the total number of outstanding Small House applications for Kai Leng Village is 74 while the 10-year Small House demand forecast for the same village is 279. According to the latest estimate by PlanD, about 0.77 ha (equivalent to 30 Small House sites) of land are available within the "V" zone of Kai Leng for Small House development. There is insufficient land in the "V" zone of Kai Leng to meet the demand of land for Small House development (i.e. about 8.83 ha of land which is equivalent to 353 Small House sites).

**Recommended Advisory Clauses**

- (a) to note the comments of CE/MN, DSD that the Site is in an area where no public sewerage connection is available;
- (b) to note the comments of CE/C, WSD that the applicant may need to extend his/her inside services to the nearest suitable government water mains for connection. The applicant shall resolve any land matter (such as private lots) associated with the provision of water supply and shall be responsible for the construction, operation and maintenance of the inside services within the private lots to WSD's standards;
- (c) to note the comments of D of FS that the applicant should observe 'New Territories Exempted Houses – A Guide to Fire Safety Requirements' published by LandsD. Detailed fire safety requirements will be formulated upon receipt of formal application referred by LandsD;
- (d) to note the advice of DEP that septic tank and soakaway system is an acceptable means for collection, treatment and disposal of the sewage provided that its design and construction follow the requirements of the ProPECC PN 5/93 "Drainage Plans subject to Comment by the Environmental Protection Department" and are duly certified by an Authorized Person; and
- (e) to note that the permission is only given to the development under application. If provision of an access road is required for the proposed development, the applicant should ensure that such access road (including any necessary filling/excavation of land) complies with the provisions of the relevant statutory plan and obtain planning permission from the Town Planning Board where required before carrying out the road works.
