**Advisory clauses**

- (a) prior planning permission should have been obtained before commencing the applied use at the application site (the Site);
- (b) the planning permission is given to the development/uses under application. It does not condone any other development/use (i.e. vehicle repair workshop use) which currently exists on the Site but not covered by the application. Immediate action should be taken to discontinue such development/use not covered by the permission;
- (c) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (d) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. Lot No. 1231 S.A ss.1 in D.D. 119 is covered by Short Term Waiver (STW) No. 3219 to permit structures erected thereon for the purpose of “Storage of Construction Machinery and Ancillary Use”. The STW holder(s) will need to apply to her office for modification of the STW conditions where appropriate **and the lot owner(s) of the lot(s) without STW will need to apply to her office to permit the structures to be erected or regularise any irregularities on site, if any.** Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. Applications for any of the above will be considered by her department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. Sufficient space should be provided within the Site for manoeuvring of vehicles. No parking of vehicles on public road are allowed;
- (f) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads/drains. His department shall not be responsible for the maintenance of any access connecting the Site and Kung Um Road;
- (g) to note the comments of the Chief Engineer/Mainland North, Drainage Services Department that the drainage facilities on site should be implemented in accordance with the agreed drainage proposal. The drainage system should be rectified if they are found to be inadequate or ineffective during operation. Furthermore, you shall be liable for and shall indemnify claims and demands arising out of damage or nuisance caused by a failure of the drainage system. The development would neither obstruct overland flow nor adversely affect any existing natural streams, village drains, ditches and the adjacent areas. DLO/YL, LandsD should be consulted and consent from relevant lot owners should be sought for any works to be carried out outside your lot boundary before commencement of the drainage works;
- (h) to note the comments of the Director of Environmental Protection that the relevant mitigation Aspects of Temporary Uses and Open Storage Sites” issued by the Environmental Protection Department should be followed to minimise any potential environmental nuisances on the

surrounding areas;

- (i) to note the comments of the Director of Fire Services that in consideration of the design/nature of the proposal, fire service installations (FSIs) are anticipated to be required. Relevant layout plans incorporated with the proposed FSIs should be submitted to his department for approval. The layout plans should be drawn to scale and depicted with dimensions and nature of occupancy, the location of where the proposed FSIs to be installed should also be clearly marked on the layout plans. He has the following comments on the submitted FSIs proposal (**Drawing A-5** in the RNTPC paper): the indication of openable windows of Structure 1 (i.e. area of opening 1, 2 and 3) should be clarified on plan; the layout of Structure 1 should be provided; sprinkler control valve set should be clearly marked on the plan; emergency light should be provided in accordance with BS 5266 Part 1 and BS EN 1838; directional and exit sign should be provided in accordance with BS 5266 Part 1 and his department's Circular Letter No. 5/2008; and the storage area for single block and clearance around the block regarding item 3.9 in FS notes should be clarified. If the proposed structure(s) is required to comply with the Buildings Ordinance (BO) (Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans;
- (j) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (BD) that if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority (BA), they are unauthorised building works (UBW) under the BO and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5m wide and its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage; and
- (k) to note the comments of the Project Manager (West), Civil Engineering and Development Department that based on the preliminary project boundary of the proposed Yuen Long South (YLS) Development, the Site falls within the boundary of the proposed YLS Development – Stage 3. The YLS Development would provide land to meet the medium to long term housing needs of Hong Kong and its detailed implementation programme with phasing and packaging of works for YLS Development is being formulated.
