Advisory clauses

- (a) prior planning permission should have been obtained before commencing the applied use at the application site (the Site);
- (b) to resolve any land issues relating to the development with the concerned owner(s) of the Site;
- (c) shorter compliance period is imposed in order to monitor the progress of compliance with approval conditions. Should you fail to comply with any of the approval conditions again resulting in the revocation of planning permission, sympathetic consideration may not be given to any further applications;
- (d) to note the comments of the District Lands Officer/Yuen Long, Lands Department (DLO/YL, LandsD) that the Site comprises Old Schedule Agricultural Lots held under the Block Government Lease which contains the restriction that no structures are allowed to be erected without the prior approval of the Government. Within the Site, Lots 1493 S.A & 1494 S.A and 1494 RP in D.D. 119 are covered by Short Term Waivers (STWs) No. 4896 and 4899 respectively to permit structures erected thereon for the purpose of 'temporary warehouse for storage of household products'. The Site is accessible from Kung Um Road via government land (GL) and private land. Her office does not provide maintenance work for GL involved and does not guarantee any right-of-way over the GL to the Site. The STW holder(s) will need to apply to her office for modification of the STW conditions where appropriate. Besides, given the proposed use is temporary in nature, only application for regularisation or erection of temporary structure(s) will be considered. No construction of New Territories Exempted Building(s) will be considered or allowed. Applications for any of the above will be considered by her department acting in the capacity of the landlord or lessor at its sole discretion and there is no guarantee that such application will be approved. If such application is approved, it will be subject to such terms and conditions, including among others the payment of premium or fee, as may be imposed by her department;
- (e) to note the comments of the Commissioner for Transport that the land status of the access road/path/track leading to the Site from Kung Um Road should be checked with the lands authority. The management and maintenance responsibilities of the access road/path/track should be clarified and consulted with the relevant management and maintenance authorities accordingly. Sufficient space should be provided within the Site for manoeuvring of vehicles. In addition, no parking of vehicles on public road is allowed;
- (f) to note the comments of the Chief Highway Engineer/New Territories West, Highways Department that adequate drainage measures should be provided at the site access to prevent surface water flowing from the Site to nearby public roads/drains. His department shall not be responsible for the maintenance of any access connecting the Site and Kung Um Road;
- (g) to note the comments of Chief Engineer/Mainland North, Drainage Services Department on the implementation of the agreed drainage proposal that the drainage system should be rectified if they are found to be inadequate or ineffective during operation. You are liable for and shall indemnify claims and demands arising out of damage or nuisance caused by a failure of the drainage system. The proposed

development would neither obstruct overland flow nor adversely affect any existing natural streams, village drains, ditches and the adjacent areas. DLO/YL, LandsD should be consulted and consent from relevant lot owners should be sought for any works to be carried out outside his lot boundary before commencement of the drainage works;

- (h) to note the comments of the Director of Environmental Protection that the relevant mitigation measures and requirements in the latest “Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites” issued by the Environmental Protection Department should be followed to minimise any potential environmental nuisances on the surroundings;
- (i) to note the comments of the Director of Fire Services that the installation /maintenance/ modification/ repair work of fire service installations shall be undertaken by an Registered Fire Service Installation Contractor (RFSIC). The RFSIC shall after completion of the installation/maintenance/ modification/ repair work issue to the person on whose instruction the work was undertaken a certificate (FS 251) and forward a copy of the certificate to him. If the proposed structure(s) is required to comply with the Buildings Ordinance (BO)(Cap. 123), detailed fire service requirements will be formulated upon receipt of formal submission of general building plans;
- (j) to note the comments of the Chief Building Surveyor/New Territories West, Buildings Department (BD) that if the existing structures (not being a New Territories Exempted House) are erected on leased land without the approval of the Building Authority (BA), they are unauthorised building works (UBW) under the BO and should not be designated for any proposed use under the application. For UBW erected on leased land, enforcement action may be taken by the BD to effect their removal in accordance with the prevailing enforcement policy against UBW as and when necessary. The granting of any planning approval should not be construed as an acceptance of any existing building works or UBW on the Site under the BO. Before any new building works (including containers/open sheds as temporary buildings, demolition and land filling) are to be carried out on the Site, prior approval and consent of the BA should be obtained, otherwise they are UBW. An Authorised Person should be appointed as the co-ordinator for the proposed building works in accordance with the BO. The Site shall be provided with means of obtaining access thereto from a street and emergency vehicular access in accordance with Regulations 5 and 41D of the Building (Planning) Regulations (B(P)R) respectively. The Site does not abut on a specified street of not less than 4.5m wide, its permitted development intensity shall be determined under Regulation 19(3) of the B(P)R at the building plan submission stage; and
- (k) to note the comments of the Project Manager (West), Civil Engineering and Development Department that the Site falls within the boundary of the proposed Yuen Long South (YLS) Development – Stage 2. The YLS Development would provide land to meet the medium to long term housing needs of Hong Kong. Extension of the planning permission may not be supported in future when the detailed implementation programme of works in the Site under YLS Development – Stage 2 is formulated.
