22 July 2020

Dear Sirs,

**Request for Deferment of Review of Planning Application No. A/SK-CWBN/49 -
Further Information**

Thank you for your letter dated 9 June 2020.

Our Traffic Consultant has updated me that discussion of the revised run-in/out including but not limited to installation of additional traffic aid and alarm system is still carried on with transport department to meet traffic safety. The schedule for joint site inspection is also interrupted due to the sudden surge in local Covid-19 epidemic cases.

As the traffic arrangement may also affect the proposed landscape layout, we would appreciate if you would arrange a deferment of consideration of the application for two months to address departmental comments on the outstanding traffic and landscape impacts.

Thank you.

Yours faithfully,
For Thomas Tsang Surveyors Limited

(Sr TSANG Ka Kau)
