EXECUTIVE SUMMARY

The Application Site ('the Site') comprises Lot Nos. 21, 23, 24, 25 and 26 in D.D. 38 and Lot No. 803 in D.D. 46 and adjoining Government Land, Man Uk Pin, New Territories. It is located about 40m to southeast of Sha Tau Kok Road – Wo Hang and about 300m northeast of Loi Tung. The Site is applied for "Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office for a Period of 3 Years and Filling of Land". The Site occupies a site area of about 3,036m², including Government Land of about 180m². In accordance with the Approved Man Uk Pin Outline Zoning Plan (OZP) No. S/NE-MUP/11 dated 27.10.2006, the Site falls within an area zoned "Agriculture" ("AGR").

A planning permission is sought to use the Site as "Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office". Since the Site is small in scale, no adverse traffic, drainage and environmental impacts are anticipated.

The subject application is justified on the following grounds: 1) No Contravention to the Long Term Planning Intention; 2) In Line with TPB PG No. 13G; 3) Previous Planning Permission for Similar Use; 4) Compatible with Surrounding Land Uses; 5) Existence of Planning Permissions for Similar Use Near the Site; 6) No Adverse Drainage and Environmental Impacts; and 7) No Adverse Traffic Impact.

- 1.3 The Applicant has commissioned Lanbase Surveyors Limited on his behalf to submit a planning application for "Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office for a Period of 3 Years and Filling of Land" under Section 16 of the Town Planning Ordinance (Cap. 131).
- 1.4 The Planning Statement serves to describe the existing condition of the Site and its surrounding land uses, to give details of the proposed development, and to provide justifications for the Board's consideration.

2. SITE CONTEXT

2.1 Application Site

2.1.1 The Site comprises Lot Nos. 21, 23, 24, 25 and 26 in D.D. 38 and Lot No. 803 in D.D. 46 and Adjoining Government Land, Man Uk Pin, New Territories. It occupies a site area of about 3,036m², including Government Land of about 180m². Please refer to Location Plan at **Appendix 3** and Site Plan at **Appendix 4**.

2.1.2 The Site is now vacant and paved.

2.2 Lease Particulars

The subject lots are held under Block Crown Lease and demised as agricultural land. The lease is virtually unrestricted, apart from offensive trade clause and will expire on 30th June 2047.

2.3 Surrounding Land Uses

2.3.1 The Site is located about 40m to southeast of Sha Tau Kok Road – Wo Hang and about 300m northeast of Loi Tung.

2.3.2 The subject area is predominantly occupied by open storages and vegetated land.

2.4 Accessibility

2.4.1 The Site is accessible from a local track connecting to Sha Tau Kok Road – Wo Hang.

2.4.2 The subject area is served by various modes of public transport including franchised buses, minibuses and taxis along Sha Tau Kok Road – Wo Hang.

3. TOWN PLANNING

- 3.1 The Site falls within an area zoned “Agriculture” (“AGR”) on the Approved Manukū Pin Outline Zoning Plan No. S/NE-MUP/11 dated 27.10.2006. Extract of the OZP are attached at **Appendix 1**.
- 3.2 As stipulated in the Notes of the OZP, a planning permission is required by the Town Planning Board (the “Board”) for the proposed temporary use in the “AGR” zone.
- 3.3 In accordance with the Town Planning Board Guidelines No. 13G (**TPB PG-NO. 13G**) for Application for Open Storage and Port Back-up Uses, a large portion of the Site is classified as “Category 2” area, which could be granted on a temporary basis up to a maximum period of 3 years subject to no adverse departmental comments and local objections, or the concerns of the departments and local residents can be addressed through the implementation of approval conditions.
- 3.4 In accordance with the Town Planning Board Guidelines No. 13G (**TPB PG-NO. 13G**) for Application for Open Storage and Port Back-up Uses, a small portion of the Site is classified as “Category 3” area. Applications falling within Category 3 areas would normally not be favourably considered unless the applications are on sites with previous planning approvals. In that connection, sympathetic consideration may be given to the application if the applicants have demonstrated genuine efforts in compliance with approval conditions of the previous planning applications. Subject to no adverse departmental comments and local objections, or the concerns of the departments and local residents can be addressed through implementation of approval conditions, planning permission could be granted on a temporary basis up to a maximum period of 3 years.
- 3.5 The Site is the subject of previous planning application No. A/NE-MUP/192 approved on 22.12.2023 for “A Temporary Open Storage of Planters and Landscaping Materials” for a Period of 3 Years. Please see the Town Planning Board’s Approval Letter at **Appendix 2**.

4. PROPOSED DEVELOPMENT

4.1 Applied Use

It is proposed to apply for the use of “Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office for a Period of 3 Years and Filling of Land”.

4.2 Site Area

The Site has an area of about 3,036m², including Government Land of about 180m².

4.3 Operation Hours

The proposed “Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office” would be operated 24 hours a day and 7 days a week, but loading/unloading activities would only be carried out from 7:00am to 11:00pm (e.g. no night-time operation between 11:00pm and 7:00am) from Monday to Saturday during the planning approval period. There will be no loading/unloading activities on Sundays and public holidays on site.

4.4 Site Layout

There will be open storage area and temporary structures provided at Site. Two private car parking space and a loading / unloading area will also be provided. The proposed Layout Plan is provided at **Appendix 5**.

4.5 Traffic

Due to small scale of the Site and provision of loading / unloading area, no heavy traffic flow would be generated.

4.6 Drainage

The Applicant will provide proper drainage facilities at the Site. Approval condition for provision of drainage facilities is acceptable.

4.7 Landscape

As there is no existing tree and no additional open area for tree planting, no tree

preservation and planting is required.

4.8 Fire Precaution Measures

The Applicant will provide proper fire service installations at the Site. Approval condition for provision of the fire service installations is acceptable.

5. JUSTIFICATIONS

5.1 No Contravention to the Long Term Planning Intention

The planning intention of the subject “AGR” zone is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes. Basically, approval of the proposed use on a temporary basis that will not prejudice the future long term planning of the area. Therefore, the proposed development is considered not contravene to the long-term planning intention.

5.2 In Line with TPB PG No. 13G

With reference to the TPB PG No. 13G – Town Planning Board Guidelines for Application for Open Storage and Port Back-up Uses, a large portion of the Site falls within Category 2 area, which could be granted on a temporary basis up to a maximum period of 3 years subject to no adverse departmental comments and local objections, or the concerns of the departments and local residents can be addressed through the implementation of approval conditions.

5.3 Previous Planning Permission for Similar Use

The Site was granted planning permission for the similar use of “Temporary Open Storage of Planters and Landscaping Materials” under previous planning application No. A/NE-MUP/192, which was approved on 22.12.2023. The site condition is similar to its previous planning application in terms of site use and site boundary. Without major change of planning circumstances, it is considered that the Site should be allowed to continue the applied use of “Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office”.

5.4 Compatible with Surrounding Land Uses

In fact, the locality of the Site has been generally occupied by open storages. The proposed “Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office” is considered compatible with the surrounding uses in the area.

5.5 Existence of Planning Permission for Similar Use Near the Site

A “Temporary Logistics Centre” located next to the Site under Planning Application No. A/NE-MUP/193 was approved on 15.3.2024. Given that it is a storage use, the existing use should be allowed on the Site.

5.6 No Adverse Drainage and Environmental Impacts

The proposed “Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office” is only a small-scaled operation. In this respect, no adverse drainage and environmental impacts are anticipated.

5.7 No Adverse Traffic Impact

5.7.1 The current application is only for the small-scaled “Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office” with low traffic demand. There would be no containers / heavy goods vehicles entering into the Site.

5.7.2 The proposed 2 private car parking spaces are for the staff use that would generate or attract 6 trips a day during the morning peak hours, lunch time and evening peak hours respectively. There are also only 2 LGV trips per day for conducting loading/unloading activities in the morning and the afternoon time respectively.

5.7.3 The proposed temporary use is mainly for the storage use. In addition, the provision of private car parking spaces is for the staff use only and there are only 2 times loading/unloading activities per day. Therefore, the proposed 2 private car parking

spaces and 1 LGV loading/unloading space are adequate for the site.

- 5.7.4 The width of the vehicular access leading to the site is 4.6m at minimum, as shown on the Proposed Layout Plan at **Appendix 5**.
- 5.7.5 There is satisfactory maneuvering of the goods vehicles entering and exiting the subject site, maneuvering within the subject site and into/out of the parking and loading/unloading spaces, as shown on the Swept Path Analysis at **Appendix 6**.
- 5.7.6 There are only 2 times loading/unloading activities per day. Therefore, no queuing issue is anticipated. Nevertheless, as shown on the Proposed Layout Plan at **Appendix 5**, there is a 30m long vehicular access within the private lots being a waiting area for avoiding queuing up on the public road.
- 5.7.7 Sensor alarm and indication light would be provided at the entrance of the site to alert the pedestrian when vehicle pass through the site for ensuring the pedestrian safety.
- 5.7.8 Therefore, no adverse traffic impact is anticipated.

6. CONCLUSION

6.1 The Applicant seeks the Board's permission to approve this planning application for providing "Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office for a Period of 3 Years and Filling of Land" on the Site under S.16 of the Town Planning Ordinance.

6.2 With regard to the followings:

- no contravention to the long term planning intention;
- in line with TPB PG No. 13G;
- previous planning permission for similar use;
- compatible with surrounding land uses;
- existence of planning permissions for similar use near the site;
- no adverse drainage and environmental impacts; and
- no adverse traffic impact,

the Board is recommended to approve the planning application for the use of "Temporary Open Storage of Construction Machinery, Planters and Landscaping Materials with Ancillary Site Office or a Period of 3 Years and Filling of Land" on the Site.
