**7. Justifications 理由**

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.  
 現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

The justifications in support of the application for the renewal of the temporary open storage of construction materials are as follows:

1. The existing open storage on the application site exists before 17.8.1990 and is therefore an 'existing use' as defined under the Town Planning Ordinance.
2. The application site is the subject of 9 previous planning approvals for the same use and approval conditions for all the previous permissions have been fully complied with. The applicant has been consistently and persistently demonstrating the best and genuine efforts in complying with all the approval conditions of the previous permissions and maintaining the site and the provided facilities in a good and tidy manner during the planning approval periods.
3. There is no material change in the nature of operation and the operational characteristics including the operation hours (viz. Mondays to Saturdays 8:30am-6:00pm and no operation on Sundays and public holidays) of the proposed use on the site as well as the planning and physical circumstances of the site and its neighbourhood. The general layout including the location and sizes of the existing structures within the site are the same as those of the previous approval.
4. The site falls within Category 2 areas under the TPB Guidelines for 'Application for Open Storage and Port Back-up Uses' (TPB-PG No. 13G) promulgated in April 2023. For Category 2 areas according to the said Guidelines, planning permission could be granted on a temporary basis up to a maximum period of 3 years, subject to no adverse departmental comments and local objections, or the concerns of the departments and local residents can be addressed through the implementation of approval conditions. Given the planning background of the site, the proposed use is considered in line with the subject TPB Guidelines.
5. All the previous planning approvals have demonstrated that the proposed use is a suitable use for the site and is compatible with the surrounding land uses including the existing open storage uses along Sha Tau Kok Road in the area and would have no adverse development impact on the surrounding areas and blends in well with the neighbouring uses. In fact, the local environment of the Leng Tsai area has been improved as a result of the fulfillment of the various approval conditions by the applicant in the past years.
6. The application is generally in line with the TPB Guidelines for 'Renewal of Planning Approval and Extension of Time for Compliance with Planning Conditions for Temporary Use or Development' (TPB-PG No. 34D) in that there is no material change in planning circumstances since the previous temporary approval was granted and no significant change in the land uses of the surrounding areas. There would be no adverse planning implication arising from the renewal of the planning approval. All the approval conditions under the previous permission (Application No. A/NE-TKL/674) have been complied with and the approval period sought is reasonable as it is the same as the last approval granted by the TPB.
7. Documentary proof to demonstrate the compliance of the relevant approval conditions are provided as follows:
  - (i) Drainage (see Appendix 1)
  - (ii) Fire Service Installations (see Appendix 2)
