主旨: Re: A/NE-TKL/777 - Re-submission of Further Information
附件: Plans A1 & B2.pdf; Plans A2 & B1.pdf

類別: Internet Email

Dear Sheren,

Please find attached the F.I. in response to TD for your further processing.

I would also like to clarify that there would be 5 structures within the Site, including CT, C1, C2, S1 and S2 as shown on Plan 3.

Regards,

P.Y. Yung

	Departmental Comments	Applicant's Response
1. Comments of Commissioner for Transport (C for T)		
(a)	The applicant should provide continuous swept paths from Sha Tau Kok Road to the subject site and from the subject site to Sha Tau Kok Road. The swept paths for entering the subject site from Sha Tau Kok Road southbound and for exiting the subject site from Sha Tau Kok Road northbound should also be supplemented. The outline of the vehicles at various moments during bending movement should also be shown.	Noted. Sha Tau Kok Road and the concerned min. 3.5m wide local track are public access, and a 10m manoeuvring circle would be provided within the Site. The submitted swept path diagrams demonstrate that manoeuvring of vehicles both within the Site and outside the Site to/from Sha Tau Kok Road are satisfactory.
