

Planning Statement

Introduction

1. This Planning Statement is submitted to the Town Planning Board (“the Board”) on behalf of High-Quality Gardening Limited (“the Applicant”) in support of the planning application for a ‘Temporary Animal Boarding Establishment with Ancillary Facilities’ for a period of 5 years and associated Filling of Land (“the Development”) at Lot Nos. 1493 (Part) and 1500 (Part) in D. D. 107 and adjoining Government Land, Kam Tin, Yuen Long, New Territories (“the Site”) under Section 16 of the Town Planning Ordinance.

Application Site (Plans 1 and 2)

2. The Site comprises Lot Nos. 1493 (Part) and 1500 (Part) in D. D. 107 and adjoining Government Land, Kam Tin, Yuen Long, New Territories. The Site is accessible from Shui Mei Road and Shui Tau Road.
3. The site area is about 1,381 m², including Government Land of about 479 m².
4. The entire site has been filled with concrete of about 0.2 m in depth (existing ground level at 4.2 mPD) for the provision of solid ground for the erection of structures (**Plan 3a**). The application serves to regularise the existing hard-paving within the Site.

Planning Context

5. The Site falls within an area zoned “Agriculture” (“AGR”) on the Approved Kam Tin North Outline Zoning Plan (the “OZP”) No. S/YL-KTN/11.
6. The planning intention of the “AGR” zone is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes.
7. The applied use is a Column 2 use within the “AGR” zone on the OZP which may be permitted with or without conditions by the Board.
8. Provided that the structures of the Development are temporary in nature, approval of the application on a temporary basis for a period of 5 years would not frustrate the long-term planning intention of the “AGR” zone.

Development Parameters

9. The following table summarises the details of the structures on site (**Plan 3**):

10. The Development can meet the large demand for animal boarding services in the area.
11. The animal boarding establishment is open to dogs only and provides spaces for boarding service for about 15 nos. of dog.
12. The kennels are enclosed with soundproofing materials and provided with 24-hour mechanical ventilation and air-conditioning system.
13. Operation hours are from 9 a.m. to 7 p.m. daily (including Sundays and public holidays) with 24-hour animal boarding services.
14. No parking space or vehicular access is provided within the Site. Staff and visitors are expected to access the Site by public transport services (**Plan 4**).
15. No vegetation clearance or tree felling will be carried out at the Site.

Previous Applications

16. Part of the Site is the subject of 4 previous applications for animal boarding establishment, which were all approved by the Rural and New Town Planning Committee (“the Committee”) between 2005 and 2012:

Application No.	Applied Use	Date of Approval
A/YL-KTN/232	Animal Boarding Establishment	4.7.2005
A/YL-KTN/251	Animal Boarding Establishment and Ancillary Facilities	7.7.2006
A/YL-KTN/304	Animal Boarding Establishment with Ancillary Facilities	19.9.2008
A/YL-KTN/377	Temporary Animal Boarding Establishment with Ancillary Facilities for a Period of 5 Years	30.3.2012

17. The previous applications were approved mainly on considerations that the development would not frustrate the long-term planning intention of the “AGR” zone; not incompatible with the surrounding land uses; mainly involve existing on-site structures for animal boarding; would maintain the rural character of the Site; previous approvals were granted; and relevant government departments had no adverse comments on the developments.
18. Given that the planning context of the adjacent areas has not been significantly altered, it is considered that the planning circumstances of the current application are relevant to the previous applications.
19. The planning context of the adjacent areas has not been significantly altered since the last approval.

20. There are 42 similar applications approved by the Committee within the same “AGR” zone in the vicinity of the Site in the past 5 years:

21. The above similar applications were approved by the Committee between 2020 and 2024 on considerations that temporary approval would not frustrate the long-term planning intention of the “AGR” zone; not incompatible with surrounding land uses; and no adverse departmental comments or the concerns could be addressed by relevant approval conditions.
22. Given that the planning context of the adjacent areas has not been significantly altered, it is considered that the planning circumstances of the current application are relevant to the similar approved applications.

No Adverse Impacts to the Surroundings

Visual and Landscape

23. The Development involves the erection of temporary structures. The applied use is considered not incompatible with surrounding land uses intermixed with dog training centre, plant nursery, village houses and vacant lands.
24. No vegetation clearance and tree felling will be carried out at the Site. As such, adverse visual and landscape impacts to the surrounding areas should not be anticipated.

Drainage

25. There are drainage facilities implemented at the Site (**Plans 5.1 & 5.2**). The Applicant would maintain the existing drainage facilities in good conditions.

Traffic

26. A pedestrian ingress/egress is provided to the south of the Site. The Site does not provide any parking space. Staff and customers are expected to access the Site by public transport services.
27. Public transport services are available in the vicinity of the Site (about 170 m to the south). The walking time to the nearest Green Minibus Bus Terminus (i.e. Pak Wai Tsuen) is about 3 minutes (**Plan 4**).

Environment

28. All dogs will stay in the kennels from 7:00 p.m. to 9:00 a.m. and no dog training sessions will be carried out during this period. No public announcement systems, whistle blowing or portable loudspeaker will be allowed within the Site. Potential adverse noise impacts to the surrounding areas are not anticipated.
29. The Applicant will follow the measures as set out in the 'Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites' issued by the Environmental Protection Department in order to minimise any possible environmental nuisances, and to comply with all environmental protection/pollution control ordinances.

Planning Gain

30. The Development serves to meet the huge demand for pet boarding service in the area.
