

Planning Statement

Introduction

1. This Planning Statement is submitted to the Town Planning Board (“the Board”) on behalf of Mr. PANG Tat Sang (“the Applicant”) in support of the planning application for ‘Proposed Temporary Warehouse (excluding Dangerous Goods Godown) with Ancillary Office’ for a period of 3 years and associated Filling of Land (“the Proposed Development”) at Lot No. 1376 RP in D.D. 109, Yuen Long, New Territories (“the Site”) under Section 16 of the Town Planning Ordinance.

Application Site (Plans 1 and 2)

2. The Site comprises Lot No. 1376 RP in D.D. 109, Yuen Long, New Territories. The Site is accessible from Kong Po Road leading to the ingress to its south.
3. The site area is about 2,394 m². No Government Land is involved.

Planning Context

4. The Site falls within an area zoned “Agriculture” (“AGR”) on the Approved Kam Tin North Outline Zoning Plan (the “OZP”) No. S/YL-KTN/11.
5. The planning intention of the “AGR” zone is primarily to retain and safeguard good quality agricultural land/farm/fish ponds for agricultural purposes. It is also intended to retain fallow arable land with good potential for rehabilitation for cultivation and other agricultural purposes.
6. According to the covering Notes of the OZP, temporary use or development of any land or building not exceeding a period of 3 years requires planning permission from the Board, notwithstanding that the use or development is not provided for in terms of the OZP. Besides, any filling of land within the “AGR” zone shall not be undertaken without the permission from the Board.
7. Provided that the structures of the Proposed Development are temporary in nature, approval of the application on a temporary basis for a period of 3 years would not frustrate the long-term planning intention of the “AGR” zone.

Development Parameters

8. The following table summarises the details of the structures on site (**Plan 3**):

No.	Use	Floor Area (ab.) (m ²)	Covered Area (ab.) (m ²)	Height (ab.) (m)	No. of Storey
1	Warehouse with Ancillary Office	225	225	9	1
2	Warehouse with Ancillary Office	225	225	9	1
3	Warehouse with Ancillary Office	225	225	9	1
4	Warehouse with Ancillary Office	225	225	9	1
Total		<u>900</u>	<u>900</u>		
		Plot Ratio	Site Coverage		
		0.38	37.6%		

9. The Proposed Development serves to meet the strong demand for warehouses in Yuen Long area. Construction materials such as steel, scaffoldings, bricks, cement, sand, etc. will be stored in the warehouses.
10. Operation hours are from 9 a.m. to 7 p.m. daily from Mondays to Saturdays. No operations on Sundays and public holidays.
11. 1 no. of parking space for medium goods vehicle (MGV) is proposed at the Site for the daily operation of the Proposed Development. The Site is accessible by vehicles from Kong Po Road leading to the ingress to its south. Sufficient space is allowed for vehicle manoeuvring within, entering and leaving the Site (**Plan 5**).
12. There is an existing ramp at the vehicular ingress/egress of the Site, which has been paved with concrete of about 0.1 m to 0.9 m in depth to provide waterproof surface for manoeuvring. The remaining area has been paved with concrete of about 0.9 m in depth for the provision of a solid ground for the erection of temporary structures and vehicle manoeuvring (**Plan 4**).

Similar Applications

13. There are 39 similar applications approved by the Rural and New Town Planning Committee (“the Committee”) within the “AGR” zone on the OZP in the past 3 years:

A/YL-KTN/1054	Proposed Temporary Warehouse and Open Storage of Construction Materials and Machineries for a Period of 3 Years and Associated Filling of Land	22.11.2024

14. The similar applications were approved by the Committee between 2022 and 2024 on considerations that temporary approval would not frustrate the long-term planning intention of the “AGR” zone; not incompatible with surrounding land uses; and no adverse departmental comments or the concerns could be addressed by relevant approval conditions.

15. Given that the planning context of the adjacent areas has not been significantly altered, it is considered that the planning circumstances of the current application are relevant to the similar approved applications.

No Adverse Impacts to the Surroundings

Visual and Landscape

16. The Proposed Development involves the erection of single-storey temporary structures. The applied use is considered not incompatible with surrounding land uses intermixed with warehouses, open storage, grassland and residential structures. Adverse visual and landscape impacts to the surrounding areas are not anticipated.

Drainage

17. The Applicant will submit a drainage proposal, with the provision of u-channels and catchpits to mitigate any potential adverse drainage impacts generated by the Proposed Development after the planning approval has been granted from the Board. The Applicant will proceed to implement the drainage facilities at the Site once the drainage proposal is accepted by the Drainage Services Department.

Fire Safety

18. The Applicant will submit a layout plan incorporated with the proposed fire service installations (FSI) after the planning approval has been granted from the Board. The Applicant will proceed to implement the FSI proposal at the Site once it is accepted by the Director of Fire Services.

Traffic

19. The trip attraction and generation rates are expected as follows:

	Mondays to Saturdays	
	Attractions	Generations
09:00 – 10:00	1	0
10:00 – 11:00	0	0
11:00 – 12:00	0	1
12:00 – 13:00	0	0
13:00 – 14:00	1	0
14:00 – 15:00	0	0
15:00 – 16:00	0	1
16:00 – 17:00	1	0
17:00 – 18:00	0	1
18:00 – 19:00	0	0
Total Trips	<u>3</u>	<u>3</u>

20. In view of the low trip attraction and generation rates, it is expected that the Proposed Development should not cause adverse traffic impacts to the adjacent areas and road network.
21. 1 no. of parking space for MGV is proposed at the Site for the daily operation of the Proposed Development. Sufficient space is allowed for car manoeuvring within, entering and leaving the Site (**Plan 5**).
22. The Proposed Development is for warehouse only. Given that no visitors will be accepted at the Site, no visitor parking space will be provided. Staff are residents living in the vicinity. They will come to the Site on foot.

Environment

23. The Applicant undertakes to follow the measures as set out in the ‘Code of Practice on Handling the Environmental Aspects of Temporary Uses and Open Storage Sites’ issued by the Environmental Protection Department in order to minimise any possible environmental nuisances, and to comply with all environmental protection/pollution control ordinances.
24. The Proposed Development is intended for warehouse use only. Loading and unloading activities will only be conducted from 9 a.m. to 7 p.m. from Mondays to Saturdays. No workshop activities will be allowed at the Site. No public announcement systems, whistle blowing or portable loudspeaker will be allowed within the Site. As such, potential adverse noise impacts to the surrounding areas are not anticipated.
