**10. Justifications 理由**

The applicant is invited to provide justifications in support of the application. Use separate sheets if necessary.  
現請申請人提供申請理由及支持其申請的資料。如有需要，請另頁說明。

CLP received a new application for electricity supply.

The applicant seeks planning permission to use the application site for proposed public utility installation HV cable laying and associated excavation of land ( about 0.85m in depth). 1 HV underground cable with length of 9m and width of 0.45m is proposed to be install within the application site

The applicant's electricity supplier is engaged in the green agriculture industry and is a farmer himself, and applied for electricity to operate a greenhouse farm.

First of all, regarding the use of electricity, plants cannot be grown outdoors due to the the generally high temperatures in Hong Kong. Plants in greenhouse farms have strict temperature requirements for the growing environment. Therefore, air conditioners need to be turned on every day to maintain an environmental temperature suitable for planting. Other than that, plants grown indoors need to simulate outdoor sunlight conditions, so light is extremely important for cultivation, and the power consumption of the lighting system is also very high.

We clarify that the standard High voltage is 11kV 120 3 core AL underground cable.

**11. Declaration 聲明**
