

關於薄扶林 OZP No.S/H10/22 的進一步陳述

致：[tpbpd@pland.gov.hk](mailto:tpbpd@pland.gov.hk)

日期：

- (1) 我反對擬議的「U」分區和最初提議的「OU」分區，更傾向於將「ITEM A」的土地劃為綠化地帶（GB），直至提出修訂建議供考慮。
- (2) 我找不到提出將土地劃為（U）未確定用途的修正案的代表。根據《城市規劃條例》第 6B(8)條，城規會將項目 A 重新劃為(U)未確定用途區域的決定並無法律依據，因為沒有任何代表要求將項目 A 重新劃為(U)未確定用途區域。
- (3) 我不同意 2,250 棵樹只因為是普通樹種就沒有價值。2,250 棵樹無論是什麼物種、有多常見以及是否已註冊，都是有價值的。
- (4) 城規會十一月初舉行的公開聽證會上，有人指出香港大學 GIC 的建議有缺陷，並包括大量不必要的建築，如住宅、餐廳和廣闊的休憩用地。如果排除此等用途，擬議的香港大學創新中心的規模和範圍可會大幅縮減。
- (5) 若規劃署認為薄扶林地區最合適，則在重新規劃 GB 區之前，應先考慮位於 GB 旁邊的一個面積和位置完美的 RC6 區域，該 RC6 區域已劃為「住宅」區，面積為 2.5 公頃。
- (6) 由於香港面臨 1,000 億港元的赤字，港大應尋找其他更合適的地點，以節省可能由公帑資助的建築成本。
- (7) 我非常不同意規劃署因為我們薄扶林有教育機構、醫院和住宅用地，因此認為鄰近的綠化地帶的發展是可以接受的。由於華富邨重建、瑪麗醫院重建和數碼港的發展，薄扶林地區的居民每天都飽受交通嚴重擠塞的困擾。擬議中的薄扶林巨型 GIC 開發計劃，可能會成為壓垮駱駝的最後一根稻草。

- (5) 若規劃署認為薄扶林地區最合適，則在重新規劃 GB 區之前，應先考慮位於 GB 旁邊的一個面積和位置完美的 RC6 區域，該 RC6 區域已劃為「住宅」區，面積為 2.5 公頃。
- (6) 由於香港面臨 1,000 億港元的赤字，港大應尋找其他更合適的地點，以節省可能由公帑資助的建築成本。
- (7) 我非常不同意規劃署因為我們薄扶林有教育機構、醫院和住宅用地，因此認為鄰近的綠化地帶的發展是可以接受的。由於華富邨重建、瑪麗醫院重建和數碼港的發展，薄扶林地區的居民每天都飽受交通嚴重擠塞的困擾。擬議中的薄扶林巨型 GIC 開發計劃，可能會成為壓垮駱駝的最後一根稻草。

- (1) 我反對擬議的「U」分區和最初提議的「OU」分區，更傾向於將「ITEMA」的土地劃為綠化地帶（GB），直至提出修訂建議供考慮。
- (2) 我找不到提出將土地劃為（U）未確定用途的修正案的代表。根據《城市規劃條例》第 6B(8)條，城規會將項目 A 重新劃為(U)未確定用途區域的決定並無法律依據，因為沒有任何代表要求將項目 A 重新劃為(U)未確定用途區域。
- (3) 我不同意 2,250 棵樹只因為是普通樹種就沒有價值。2,250 棵樹無論是什麼物種、有多常見以及是否已註冊，都是有價值的。
- (4) 城規會十一月初舉行的公開聽證會上，有人指出香港大學 GIC 的建議有缺陷，並包括大量不必要的建築，如住宅、餐廳和廣闊的休憩用地。如果排除此等用途，擬議的香港大學創新中心的規模和範圍可會大幅縮減。

- (1) 我反對擬議的「U」分區和最初提議的「OU」分區，更傾向於將「ITEMA」的土地劃為綠化地帶（GB），直至提出修訂建議供考慮。
- (2) 我找不到提出將土地劃為（U）未確定用途的修正案的代表。根據《城市規劃條例》第 6B(8)條，城規會將項目 A 重新劃為(U)未確定用途區域的決定並無法律依據，因為沒有任何代表要求將項目 A 重新劃為(U)未確定用途區域。
- (3) 我不同意 2,250 棵樹只因為是普通樹種就沒有價值。2,250 棵樹無論是什麼物種、有多常見以及是否已註冊，都是有價值的。
- (4) 城規會十一月初舉行的公開聽證會上，有人指出香港大學 GIC 的建議有缺陷，並包括大量不必要的建築，如住宅、餐廳和廣闊的休憩用地。如果排除此等用途，擬議的香港大學創新中心的規模和範圍可會大幅縮減。
- (5) 若規劃署認為薄扶林地區最合適，則在重新規劃 GB 區之前，應先考慮位於 GB 旁邊的一個面積和位置完美的 RC6 區域，該 RC6 區域已劃為「住宅」區，面積為 2.5 公頃。
- (6) 由於香港面臨 1,000 億港元的赤字，港大應尋找其他更合適的地點，以節省可能由公帑資助的建築成本。
- (7) 我非常不同意規劃署因為我們薄扶林有教育機構、醫院和住宅用地，因此認為鄰近的綠化地帶的發展是可以接受的。由於華富邨重建、瑪麗醫院重建和數碼港的發展，薄扶林地區的居民每天都飽受交通嚴重擠塞的困擾。擬議中的薄扶林巨型 GIC 開發計劃，可能會成為壓垮駱駝的最後一根稻草。

Date:

- (1) I oppose the proposed 'U' zoning and the originally proposed zoning of 'OU', preferring that the land of 'ITEM A' be zoned Green Belt (GB) until a revised proposal is put forth for consideration.
- (2) I can't find a representation that proposed an amendment to zone the land to (U) Undetermined. The TPB's decision to rezone Item A to (U) Undetermined has no legal basis under Section 6B(8) of the Town Planning Ordinance because no representor has asked for the rezoning of Item A to (U) Undetermined.
- (3) I disagree that the 2,250 trees have no value just because they are common species. 2,250 trees are valuable regardless of how common the species are and whether or not they are registered.
- (4) During the TPB public hearings held in early November, it was made clear that the HKU GIC proposal was flawed and included numerous unnecessary structures such as residential, restaurant and vast open spaces. If excluded, the size and scope of the proposed HKU GIC can be substantially reduced.
- (5) If the Pok Fu Lam area is deemed most suitable by the Planning Department, a perfectly sized and located RC6 area, already zoned "Residential" comprising 2.5ha, is located alongside the GB and should be considered first before any rezoning of GB takes place.
- (6) As Hong Kong faces a HK\$100 billion deficit, HKU should look for alternative more appropriate sites which can save the construction costs which are likely to be funded by public money.

(7) I strongly disagree with the Planning Department assertion that because we have educational, institutional, hospital and residential land users in Pokfulam, that this makes development of our adjacent green belt acceptable. Residents in Pokfulam area are already facing daily congested traffic condition because of the developments in Wah Fu, Queen Mary Hospital and the Cyberport. The proposed gigantic GIC development in Pokfulam will likely be the last straw that breaks the camel's back.

strongly  
I oppose to this development. As a resident of Lower Regio, our lives have already been disrupted drastically with the construction of Cyberport, including the recent structure. A lot of trees were removed. Traffic flow and congestions making the matter worse. The Queen Mary Hospital ~~is~~ new building will bring in a lot of traffic. This HKU proposal will definitely bring in more disruption to the residents here. This is a residential area, not an education landmark. Please be considerate. Think and put yourself in our shoe.

The TPB's decision to rezone Item A to (U) Undetermined has no legal basis under Section 6B(8) of the Town Planning Ordinance because no representor has asked for the rezoning of Item A to (U) Undetermined.
- (3) I disagree that the 2,250 trees have no value just because they are common species. 2,250 trees are valuable regardless of how common the species are and whether or not they are registered.
- (4) During the TPB public hearings held in early November, it was made clear that the HKU GIC proposal was flawed and included numerous unnecessary structures such as residential, restaurant and vast open spaces. If excluded, the size and scope of the proposed HKU GIC can be substantially reduced.
- (5) If the Pok Fu Lam area is deemed most suitable by the Planning Department, a perfectly sized and located RC6 area, already zoned "Residential" comprising 2.5ha, is located alongside the GB and should be considered first before any rezoning of GB takes place.
- (6) As Hong Kong faces a HK\$100 billion deficit, HKU should look for alternative more appropriate sites which can save the construction costs which are likely to be funded by public money.

- (7) I strongly disagree with the Planning Department assertion that because we have educational, institutional, hospital and residential land users in Pokfulam, that this makes development of our adjacent green belt acceptable. Residents in Pokfulam area are already facing daily congested traffic condition because of the developments in Wah Fu, Queen Mary Hospital and the Cyberport. The proposed gigantic GIC development in Pokfulam will likely be the last straw that breaks the camel's back.

- (1) I oppose the proposed 'U' zoning and the originally proposed zoning of 'OU', preferring that the land of 'ITEM A' be zoned Green Belt (GB) until a revised proposal is put forth for consideration.
- (2) I can't find a representation that proposed an amendment to zone the land to (U) Undetermined. The TPB's decision to rezone Item A to (U) Undetermined has no legal basis under Section 6B(8) of the Town Planning Ordinance because no representor has asked for the rezoning of Item A to (U) Undetermined.
- (3) I disagree that the 2,250 trees have no value just because they are common species. 2,250 trees are valuable regardless of how common the species are and whether or not they are registered.
- (4) During the TPB public hearings held in early November, it was made clear that the HKU GIC proposal was flawed and included numerous unnecessary structures such as residential, restaurant and vast open spaces. If excluded, the size and scope of the proposed HKU GIC can be substantially reduced.
- (5) If the Pok Fu Lam area is deemed most suitable by the Planning Department, a perfectly sized and located RC6 area, already zoned "Residential" comprising 2.5ha, is located alongside the GB and should be considered first before any rezoning of GB takes place.
- (6) As Hong Kong faces a HK\$100 billion deficit, HKU should look for alternative more appropriate sites which can save the construction costs which are likely to be funded by public money.

- (7) I strongly disagree with the Planning Department assertion that because we have educational, institutional, hospital and residential land users in Pokfulam, that this makes development of our adjacent green belt acceptable. Residents in Pokfulam area are already facing daily congested traffic condition because of the developments in Wah Fu, Queen Mary Hospital and the Cyberport. The proposed gigantic GIC development in Pokfulam will likely be the last straw that breaks the camel's back.

If excluded, the size and scope of the proposed HKU GIC can be substantially reduced.
- (5) If the Pok Fu Lam area is deemed most suitable by the Planning Department, a perfectly sized and located RC6 area, already zoned "Residential" comprising 2.5ha, is located alongside the GB and should be considered first before any rezoning of GB takes place.
- (6) As Hong Kong faces a HK\$100 billion deficit, HKU should look for alternative more appropriate sites which can save the construction costs which are likely to be funded by public money.

(7) I strongly disagree with the Planning Department assertion that because we have educational, institutional, hospital and residential land users in Pokfulam, that this makes development of our adjacent green belt acceptable. Residents in Pokfulam area are already facing daily congested traffic condition because of the developments in Wah Fu, Queen Mary Hospital and the Cyberport. The proposed gigantic GIC development in Pokfulam will likely be the last straw that breaks the camel's back.

- (1) I oppose the proposed 'U' zoning and the originally proposed zoning of 'OU', preferring that the land of 'ITEM A' be zoned Green Belt (GB) until a revised proposal is put forth for consideration.
- (2) I can't find a representation that proposed an amendment to zone the land to (U) Undetermined. The TPB's decision to rezone Item A to (U) Undetermined has no legal basis under Section 6B(8) of the Town Planning Ordinance because no representor has asked for the rezoning of Item A to (U) Undetermined.
- (3) I disagree that the 2,250 trees have no value just because they are common species. 2,250 trees are valuable regardless of how common the species are and whether or not they are registered.
- (4) During the TPB public hearings held in early November, it was made clear that the HKU GIC proposal was flawed and included numerous unnecessary structures such as residential, restaurant and vast open spaces. If excluded, the size and scope of the proposed HKU GIC can be substantially reduced.

If excluded, the size and scope of the proposed HKU GIC can be substantially reduced.
- (5) If the Pok Fu Lam area is deemed most suitable by the Planning Department, a perfectly sized and located RC6 area, already zoned "Residential" comprising 2.5ha, is located alongside the GB and should be considered first before any rezoning of GB takes place.
- (6) As Hong Kong faces a HK\$100 billion deficit, HKU should look for alternative more appropriate sites which can save the construction costs which are likely to be funded by public money.

(7) I strongly disagree with the Planning Department assertion that because we have educational, institutional, hospital and residential land users in Pokfulam, that this makes development of our adjacent green belt acceptable. Residents in Pokfulam area are already facing daily congested traffic condition because of the developments in Wah Fu, Queen Mary Hospital and the Cyberport. The proposed gigantic GIC development in Pokfulam will likely be the last straw that breaks the camel's back.

- (1) I oppose the proposed 'U' zoning and the originally proposed zoning of 'OU', preferring that the land of 'ITEM A' be zoned Green Belt (GB) until a revised proposal is put forth for consideration.
- (2) I can't find a representation that proposed an amendment to zone the land to (U) Undetermined. The TPB's decision to rezone Item A to (U) Undetermined has no legal basis under Section 6B(8) of the Town Planning Ordinance because no representor has asked for the rezoning of Item A to (U) Undetermined.
- (3) I disagree that the 2,250 trees have no value just because they are common species. 2,250 trees are valuable regardless of how common the species are and whether or not they are registered.
- (4) During the TPB public hearings held in early November, it was made clear that the HKU GIC proposal was flawed and included numerous unnecessary structures such as residential, restaurant and vast open spaces. If excluded, the size and scope of the proposed HKU GIC can be substantially reduced.
